

Land O' Lakes Fish & Game Club

ENVIRONMENTAL COLLEGE SCHOLARSHIP APPLICATION

Name: _____

Address: _____

City: _____ State: _____

Telephone: _____

Email: _____

The Land O' Lakes Fish & Game Club awards scholarships to graduating seniors who are considering a college major that will enable them to make a positive contribution to the environment. In applying for the scholarship a student must demonstrate that they are in good academic standing, have an interest in environmental stewardship, and that they have made positive contributions to their local community.

Scholarship funds will be awarded directly to the college at which the recipient enrolls as a full time student.

Seniors from the following high schools are eligible: Northland Pines, Watersmeet and Phelps.

Deadline: Completed applications forms must be received by the Scholarship Committee by March 15.

Application Process:

Return this application form with the following items:

1. A copy of your official transcript with grades through the first semester of your senior year.
2. A written reference from a counselor.
3. A written reference from a teacher.
4. A written reference from a community person not related to you.
5. A typed brief essay (not to exceed one page) regarding your projected career choice and why you believe it will be challenging and fulfilling for you. Include how you plan to affect and improve the environment upon graduation, given the best of circumstances. Also, include a discussion of activities you have already undertaken that demonstrate an interest in protecting and preserving the environment.
6. The sections on the back of this application completely filled out.

Return completed applications to your Guidance Office no later than March 15.

Late applications will not be accepted.
